attend!

Join us for our 3rd Annual Seniors Mental Health Education Day

People, Planning and Partnerships: *Essential Elements of Seniors Mental Health Care*

There is a need to begin to turn our focus to people, rather than illness. Despite best efforts and good intentions there remain challenges in trying to understand and plan for the needs and concerns of seniors living with dementia, mental illness and health complexity. As carers and professionals in our region, what can we do to help in the home, at the bedside, and in our services?

This event will catalyze an important dialogue and begin to explore how we can better understand, plan and develop partnerships to better meet the needs of seniors living with dementia, mental and physical illness using case based and a variety of perspectives.

Friday October 28th, 2016

8:30 am – 12:30 pm
Registration opens at 7:45am

Auditorium, Conference Centre (Level 1)
St Joseph's Healthcare Hamilton
West 5th Campus
100 West 5th St., Hamilton

“People First: Planning Health Services for Older Adults with Dementia in Ontario”

With Keynote Speaker:
